8. HIGH SAFETY STANDARD

9. LONG TRACK RECORD

10. GOOD CORPORATE GOVERNANCE

1. Located in a strategic area and the pioneer in South Sumatera
2. The only private coal logistic providers integrated with train in South Sumatera
3. Providing efficient and effective coal service solutions
4. ~20% CAGR from service logistic volume*
5. ~19% CAGR from service logistic revenue*

6. Gross profit margin 28.65% from service logistic**
7. DER 0.26 time**
8. Railway is the safest mode of land transportation
9. Professional and experienced management team
10. The implementation of GCG in all business lines

* CAGR 2019-2021

** Base on Sept 2022 Performance

RMK ENERGY AMONG THE PEERS

	RMK Energy	Peers	Competitiveness
Mode of transportation	Railway	Hauling road	Safest transportation mode
Tariff	Rp 670-720/ton/km	Rp 1,600-2,000/ton/km	> 2 times lower
Volume/frequency	~2,800ton/train	~30 ton/truck	Bigger volume carried
Strategic location	~69 NM*	~110 NM*	The nearest to anchorage
Socio-economic context	The integration coal hauling road and railway	Hauling road only	More reliable

*Nautical Mile

VISION & MISSION

VISION:
To Be A Leading Coal Logistic Providers In South Sumatera And Indonesia.

Professional

Outstanding

Responsible

Trustworthy

PT RMK Energy established in June 2009. Supported by over 15 years of experience, the Company's Management has built a solid reputation as a reliable provider of coal logistic services for coal companies across all size in South Sumatera. To date the Company is the largest coal-logistic provider in South Sumatera. Leveraging the infrastructure in place, the Company also undertakes coal-trading business to further increase its revenue and improve its bottom line.

MISSION

1. Provide Exceptional Services to Its Partners

The Company that prides itself in its commitment to provide excellent services to its partners, the Company understands the importance of timeliness. Especially in the coal industry, on time delivery is crucial in ensuring the availability of coal in the designated location and at the appointed time.

2. Conduct Business in Accordance to Sustainable Business Practices

The Company understands the importance of sustainable business practices to ensure the longevity of its business. This will lead to dematerialization of resources, which directly translates into numerous cost saving opportunities.

3. Continually Engage in Ways for Improvements

Finding new ways to improve the Company's activities serve as main drivers of growth and innovation. By leveraging on the key areas where the Company has excelled throughout and improving on the areas that can be developed further, RMK Energy would be able to provide solutions to a lot of logistical challenges that coal miners are facing.
